ABSTRACT

As we all know that the leadership might be a universal subject to review time and again, because nearly everyone seems to be controlled by the leader or is enduring themselves as leader to command everything. It's conjointly linked with leadership model that deals with the matter especially to the agricultural population. It's going to be termed as transformational leadership because it reflects the shifting the philosophical approaches of leadership.

In the present scenario the agricultural development through Panchayati Raj Institute is taken into account to the foremost agenda in India. In this research article, an attempt has been made to debate about the agricultural leadership and their work for rural development within the neglected area. Additionally thereto it's also been tried to explore the eagerness of varied rural developments works of ladies as Panchayati leader. The current paper focus on several qualities of leadership i.e. the leadership, rural leadership, women leadership and its development work to the foremost neglected space.

Keywords: Women, leadership, rural development, India, role

1.0 INTRODUCTION

In the coming days the model of transformational initiative might change the work of the overall population of rural regions since it has got enough possibility to permit them to breath with vitality. Democratic leaders always believe group dynamic process and thus always persuading people to return forward. They're also sociable and always offering different alternative solutions of any problems during a very pleasant and supportive manner. Presently, it's verging on acknowledged in our way of life that a dictatorial leadership passes pessimistic message to the people. Still authoritative leaders understand that the authoritative pattern of leadership is that the best process to unravel any kind problems arise on the course of administration. Indeed, even now a day's many of us are under the impression that in certain situations, authoritarian/ dictator initiative is significant to affect several rising issues in our nation.

 - Sampoorna Grameen Rozgar Yojana,
 - Indira Awaas Yojana, Pradhan Mantri,
 - Gramodaya Yojana (Rural Shelter).
 - Integrated Wasteland Development Programme (IWDP)

6.0 SUMMARY OF FINDINGS

The present study has skilled various literatures to know the truth of panchayati raj and therefore the importance of rural leadership. We've understood from the study concerning the approaching perspectives by exhibiting the customary village association. It is also observed that female got reserved category leadership position within the village councils and accordingly they're randomly selected as leader. Female Leadership Raises Aspirations and academic Attainment for Girls: changing composition of the agricultural leadership also as role of the politician on the Panchayati Raj institute in India. most vital illustration is that the Haryana is the 'first state in India' where the whole panchayati seats are empowered by women after 17 years of male domination in panchayati Raj Institution and have become the primary state in India. Additionally thereto the Gujarat is additionally another state where all 254 panchayati leaders are empowered unopposed by women. the simplest illustration concerning to breaking the cast bonding system is in Bihar where a women from Dalit female proved her ability by winning the election within the scenario of rigorous male domination system. it's also been examined from different illustration of Panchayati add different state that caste and gender biasness also are reducing day by day. As far as Panchayati works are concerned, the Bangalore rural zilla parishad consists of the many younger and middle-elderly participants. Socioeconomic and political elements like age, caste, career, profits, training, political enjoy then forth. So far as communication process cares, Andhra Pradesh shows the

way of E administration and Ecommunication system. Micro planning within the District, Block and village level and joint work with DRDA for employment generation are significant points of Tamilnadu state. In Assam, administration work with two wings like Panchayat Wing and therefore the Rural Development Wing that create much welfare works which are implemented and succeeding too. a suggestion of utilizing the fund in Tripura is sweet illustration of proper administration of Panchayati Raj Institution. Another exemplar of finance Management is observed in West Bengal where they need shown proper utilizing the loan received from International Bank for Reconstruction and Development. Moreover Orissa is that the fundamental State within the Country to present e-FMS (electronic Fund Management Framework) for the portion of wages under MGNREGS.
